HIT Weihai Pathway Centre

Your pathway to studying at a top university in the UK, Europe and Australia.

Through a partnership between Oxford International and HIT Weihai, we are able to offer you the opportunity to study in your home country, with access to the UK teaching staff, curriculum and qualification.

You will study on the Harbin Institute of Technology campus, and our team of specialist tutors ensure that you are supported in your English language and academic development. When you successfully complete your studies you will then progress to one of our partnered universities in the UK, Europe and Australia.

You will also benefit from having a dedicated support team to assist you throughout the university application process and provide guidance on visa application, accommodation options, and financial aid.

Undergraduate and postgraduate study

Choose from a range of pathway options at our Global Hubs, designed to help you achieve the results you need for undergraduate and postgraduate study.

➤ **International Foundation in Business**

Our programme prepares students for undergraduate study by teaching essential subject knowledge, enhancing English language skills, and raising your awareness of university life.

➤ **Pre-Master's in Business and Management**

Pre-Master's in Business and Management prepares students for postgraduate studies. Students learn English, study skills, and business modules, and bridge gaps in academic life.

➤ **Pre-Sessional English**

We offer a 6, 12 or 16 week intensive course that provides English language training and assessments.

**Progress to 25+
universities and
over 300 degrees**
